A Report on Awareness Lecture Series

All India Institute of Ayurveda has started a patient awareness series of lectures for out-patients to emphasise the importance of building a fairer and healthier world for everyone through prevention and promotion of immunity in present Covid situation. All the scholars exuberantly participated in the Awareness lecture series by delivering brief and quality lectures to create awareness among the masses. Many of the teachers from the faculty also participated in the series to deliver their outmost knowledge to spread wakefulness amongst patients.

List of topics presented during awareness lecture series :-
