

Exchange of Research Knowledge through Interdepartmental seminar activity

Inter Departmental Seminar is an integral part of Academic Activities, which is carried out every week to help foster the research culture and interaction and help grow the wider mindset of research, with the capability to appreciate the scientific research methodology and familiarize themselves with the research works and findings in the other departments for greater cause of enhanced knowledge. It is also an event which sparks debates and helps in building social and intellectual relationships, often sparking serendipitous conversations that generate new ideas.

AIIA inspires the scholars to have breadth of knowledge to complement the depth they gain from their own research. Attending good seminars is one way to get that breadth. This also provides the platform to the research scholars to learn effective way of making and giving presentations, knowing the right way to question and answer to the scientific community. It is an exercise for capacity building for scholars & faculty alike.

Keeping this in view the Inter-Departmental Weekly Seminar of the scholars of AIIA, New Delhi is conducted from every Thursday at 4 PM in the Auditorium, Ground Floor, Academic Block, AIIA. In this regard, certain following protocols are framed as follows:

1. The session is chaired by the respective Guide/Co-guide/Dean. The session starts with the introductory Remarks of the chairperson and the chairperson then invites the scholar to present the work.
2. After the presentation, the chairperson invites the Questions and suggestions from the scholars and the faculty subsequently.
3. After the discussion part, the chairperson concludes the session.
4. The proceedings / minutes are prepared and submitted to and get endorsed by the Chair and the presenter scholar. The brief of the proceedings conveyed by the coordinators next week before the commencement for the presentations.
5. The weekly Seminar will be held on working Thursdays and in case of Holidays on Thursdays, it will be held on the preceding working day. All the other Academic Activities of various Departments are planned accordingly. In inevitable circumstances, the Seminar will be rescheduled after the approval of Competent Authority. The monthly schedule of the presentations will be circulated a month before.
6. The scholar has to present the topic in a Powerpoint presentation and submit a short summary (not more than 500 words) along with 2-3 pics of the seminar, to upload on the Official website. The PPTs should not be more than 20 and the allotted time for the presentation should not exceed 25 minutes.
7. If the Seminar scheduled is not done, the same may be clubbed with the next week schedule or may be shifted at the end of the whole session. The scholars will be informed priorly for it.
8. In justifiable circumstances, the scholars may mutually exchange their allotted schedule of presentations with written information to the Dean Office.

9. The candidate must present the work as per the pre-decided schedule and absence is strictly not allowed. Under inevitable circumstances or on Medical grounds only, the scholar can reschedule the presentation after a written application to the Dean Academics and seeking permission for the same. Absence without permission / intimation will attract disciplinary action.
10. The attendance of the scholars will be mandatory during the seminar. The scholars should take their seat latest by 4 Pm, after which they will be allowed to enter only with permission of Dean. Attendance of the scholars will be marked.
11. At the end of the presentation, a quiz for scholars, consisting of 5 questions (per presentation), is held, the questions may be prepared by the coordinators or the presenter.
12. At the end of the whole session of one batch, the best presentation will be awarded and a committee for its adjudication will be constituted as approved by Competent Authority.
13. The criteria for the adjudication of the presentation are Clarity of the subject (5 points), Originality & Innovation (5 points), Research methodology (5 points), Content of slides (5 points) and Communication skills (5 points) Weekly seminar presented by PG Scholar 2018 and 2019 batch for the year April -2021 to 31st March 2022.
