AIIA Guidelines for Healthy Lifestyle

(आयुष मंत्रालय, भारत सरकार के अंतर्गत स्वायत्त संस्थान)

(An Autonomous Organization under the Ministry of AYUSH, Govt. of India)

1. Sleep and Wake-up time: pleasant sleep is a good source of health and pleasure

The ideal time to wake up in the morning is Brahma Muhurta i.e. 45-90 minutes before sunrise.

Ideal time to go to sleep is 2 hours after dinner. Dinner should be taken till 8pm. One should sleep ideally for 6-8 hours/day. Day sleep should preferably be avoided

Sleep quality can be enhanced by having Milk and Ghee in diet, practicing meditation, asanas and pranayama, Abhyanga (Massage) especially on Foot & Head.

1.) Massage: delay your ageing by daily massage

(आयुष मंत्रालय, भारत सरकार के अंतर्गत स्वायत्त संस्थान)

(An Autonomous Organization under the Ministry of AYUSH, Govt. of India)

Daily body massage delays ageing, removes tiredness, prevents vata disorders (musculoskeletal and neurological disorders), improves the quality of sleep. It enhances the skin health and makes it soft and lustrous, provides strength to body, removes stress and provides pleasing effect to mind.

Ayurveda advises daily massage for 15-20 minutes with Coconut oil/sesame oil/mustard oil etc. Abhyanga should be practiced especially on head, ears and feet on a daily basis.

Head massage: prevents headache and other diseases of head region e.g., hair fall, premature greying of hair and strengthens the hair. Provides lustre to skin and face.

Ear massage: Instilling 2-3 drops of oil in ears prevents the ear disorders like reduced hearing, deafness, tinnitus, neck and jaw stiffness.

Foot massage: Removes dryness, stiffness and numbness of feet. Provides strength and stability to feet. Prevents vata disorders like pain in lower limbs.

2.) Exercise regularly: for better health

Ayurveda considers exercise as an integral part of healthy daily routine. Perspiration, increase in respiratory rate, feeling of lightness of body are signs of reaching threshold of exercise and one should stop doing exercise at this point.

It makes the body light, provides strength to work, stability, endurance towards distress and mitigation of Kaphadosha (and stimulation of Agni (digestive power).

3.) Nasal application of Oil

Nasya is instillation of herbal oils in the nostrils. Practicing Nasya daily improves the function of sense organs and prevent disorders of eyes, ears, nose and throat.

Steps to Practice Nasya:

Sanitize the hands, dip the little finger in oil, Oils like mustard/sesame oil/Anu taila can also be used for daily Nasya. Smear both the nostrils gently. This should be practiced in the morning & in the evening.

4.) Never suppress your natural urges

Attending natural urges appropriately helps in preventing many diseases. Reflexes of urine, faeces, sneeze, cough, vomit, hiccups, thirst, hunger etc. should not be suppressed.

(आयुष मंत्रालय, भारत सरकार के अंतर्गत स्वायत्त संस्थान)

(An Autonomous Organization under the Ministry of AYUSH, Govt. of India)

5.) Follow the code of conduct to lead a happy and comfortable life

Code of Conduct refers to good personal and social behaviour which gives leads to social and individual happiness.

This includes compassion for all creatures, control of mind in physical, verbal and mental actions with aid of wisdom and considering others feelings as one's own and acting accordingly.

6.) Health promotion by rejuvenators (Rasayana)

Rasayana are herbs/foods that help in obtaining the optimum nourishment to the body tissues. They promote longevity, slow down the aging process, promote proper physical and mental health, sharpen the memory and impart immunity against various disorders.

Rasayana which can be incorporated in daily routine include milk, ghee, amla and compound preparations like Cyavanaprash.

7.) Good Dietetic Practices: Let food be your medicine

Have food served hot, unctuous, in proper quantity, in appropriate crockery utensils. Have food only after digestion of previously taken food at comfortable and pleasant place. Do not eat hurriedly or too slow. Do not speak or laugh while taking food. Have food which is suitable to your body and mind.

8.) Follow seasonal regimen to sustain seasonal variations

Ayurveda describes six seasons in a year. Seasonal diet should be consumed and one should follow a lifestyle according to the season.
