	4	<b>ID CARDS WITH LANYARDS</b>	Premium ID cards should be made from high-quality PVC or plastic composite material with a glossy or matte finish, measuring 85.60 mm x 53.98 mm and 0.76 mm in thickness (credit card size). They should feature full-color, high-resolution (300-600 dpi) printing on both sides, allowing for personalized information such as name, photo, designation, and department. Optional security features like holographic overlays, barcodes, QR codes, or RFID chips can be included for enhanced functionality and access control. The cards should be durable, scratch-resistant, and waterproof, with optional lamination for extra protection. Card holder should be of a durable metal. Accessories such as custom lanyards with breakaway clasps, transparent cardholders, and clips should also be provided.	Per card	150-200per year
4	<b>VISITING CARDS</b>	Premium visiting cards should be crafted using high-quality paper or cardstock, with a weight ranging between 300-400 GSM for durability and a professional feel. They can be finished in either a matte or glossy style, depending on preference, with options for textured, linen, or metallic finishes for added elegance. Standard dimensions should be 3.5 x 2 inches (88.9 mm x 50.8 mm), ensuring a sleek and compact design. The cards should feature full-color, high-resolution (300-600 dpi) printing on one or both sides, allowing for clear presentation of details such as name, designation, company logo, contact	100 cards /box	20-50 boxes/ year
